Holiday Outfit Budget Planner

Example plan - every Christmas look under $150 | myootdfashion.com

How to use it: write your occasions and outfit ideas, tick every piece you already own before you shop, and buy only what is missing. Write the estimated cost before you shop and the actual cost after. Your cap is $150 per occasion ($750 for all five) - move money between occasions instead of going over. The Difference column fills in once you enter an actual cost (estimate minus actual).

Occasion	Outfit plan	To buy	Already own	Est. $	Actual $	Diff. $
Christmas Dinner	Burgundy velvet midi dress, black heels	☐ Velvet dress, earrings, tights	☐ Black heels, clutch	120		
Christmas Church	Green knit dress, camel coat, red scarf	☐ Knit dress, scarf	☐ Coat, boots	110		
Holiday Party	Sequin top, black trousers	☐ Sequin top, earrings, bag	☐ Trousers, boots	145		
Casual Family Day	Cream chunky knit, dark jeans	☐ Knit sweater, plaid scarf	☐ Jeans, flat boots	85		
New Year's Eve	Gold satin midi dress, drop earrings	☐ Satin dress, earrings, stole	☐ Heels, clutch	140		
Season total (all five occasions) Cap: $750 (5 x $150) | this example plan: $600				**600.00**		

Shopping list - only what you still need
